

# SIMPLE REMOTE CONTROLLER USER GUIDE

## MSH-FH SERIES

### PREPARATION BEFORE OPERATION (SETTING CURRENT TIME)

**1** Press the  
CLOCK  
button

**2** Press the TIME  
button to set  
the time

**3** Press the DAY  
button to set  
the day

**4** Press CLOCK  
again

### 3D i-SEE SENSOR™

**SENSOR:** The sensor detects the room temperature

**ABSENCE DETECTION:** When no one is in the room, the unit automatically switches to Energy-saving mode.

**INDIRECT/DIRECT:** Press  to activate INDIRECT/DIRECT mode. This mode is only available when the i-see control mode is effective.

The 3D i-see Sensor detects the location of occupants in the room. Direct mode aims airflow toward individuals in the space while Indirect mode diverts air away from room occupants.

*NOTE: In the case of systems with multiple units (multi-systems), it is not possible to set different operation modes for each unit. In some cases, it may not be possible to use certain functions.*

## SELECTING OPERATION MODES

- 1 Press to start operation
- 2 Press to select operation mode. Each press changes mode in the following order:
- 3 Press to set the temperature. Each press raises or lowers the temperature by 1°

## CONVENIENT ONE-TOUCH FUNCTIONS

Press these buttons to toggle these functions on/off.

**ECONO COOL**  
 A swing pattern is used for airflow to create an enhanced cooling sensation. This allows the temperature to be set 2° higher without any loss of comfort.

**POWERFUL**  
 Air conditioner operates at maximum capacity for 15 minutes.

**SMART SET**  
 Assign your favorite temperature set point to the Smart Set button. Then recall the setting on demand with the simple push of the Smart Set button. Pressing it again will return the temperature to the previous set point.

In normal heating mode, the lowest possible temperature setting is 61° F, but using Smart Set, this value can be set as low as 50° F.

## WHAT IS NATURAL FLOW?

**NATURAL FLOW**  
 As time passes, airflow will become more like natural wind. The continuous gentle breeze provides enhanced comfort for occupants.  
 Press this button to toggle the function on/off.

## 3D i-SEE SENSOR™ OPERATION

- 1 Gently press using a thin instrument during COOL, DRY, HEAT and AUTO mode to activate i-see control mode.
  - This symbol appears on the operation display. The default setting is "active"
- 2 Press again to activate ABSENCE DETECTION.
  - This symbol appears on the operation display
- 3 Press again to release i-see control mode.
